Camp Amplify

To Whom It May Concern:

This letter is in reference to Camp Amplify. My name is Christy Creek; I am a staff member here at New Beginnings Ministry as well as a parent of two of the children that were able to attend Camp Amplify back in June 2019. All of the children were a little nervous at first to go and be away from their moms and not knowing what the camp was all about, but to see their faces and hear their stories when they came back after a week was absolutely amazing! Chris Tarver and all the people at Camp Amplify poured into our children and taught them about Jesus. They really showed them love and support. Our children here can't wait to go back and I pray they have the opportunity to be able too.

If you have any question please feel free to contact me at [christy@newbeginningslife.net](mailto:christy@newbeginningslife.net)

In His Service,

A handwritten signature in cursive script that reads 'Christy Creek'.
