Letter of Support

October 28, 2019

Re: Chris Tarver, Camp Amplify

To Whom It May Concern:

I am writing this letter in reference to Camp Amplify and Chris Tarver. I met Chris earlier in the year and he presented an opportunity for all of our children that are ages 7-12 to have a week experience at camp in Tennessee. The response was overwhelming from the staff, parents, and the kids who were getting the opportunity to go. For the first time we found an organization that was truly willing to invest in the children that are at New Beginnings with their mother's. We have a great group of children, but the fact is that they come out of their own trauma and issues. Chris and his team was not concerned in the least of the problems that they could potentially have on their hands. However, the kids were great as they learned important life lessons, had fun, and most important learned more about Jesus.

If you have any questions or concerns please feel free to contact me at the information listed above or at Melissa@newbeginningslife.net.

In His Service,

A handwritten signature in cursive script that reads 'Melissa L. Van Hall'.
